# ANGEL<sup>ST</sup>

## The First Tyre with a Double Soul

### Finally a Sports Touring tyre that allows you to have everything.

Your Guardian Angel that provides safety and security in the wet with the added benefit of high speed stability and mileage. But when it's time to test the boundaries, the Demon inside lets you unleash the sporty soul within.

- Revolutionary state of the art ANGEL ST tread design. The Angel imprint begins to turn into the Demon tread after 1000km, with the full Demon appearing only if riders reach the shoulders of the tyre.
- Patented 0° steel belt with new lighter and stronger construction for class leading handling. Fast warm up and even heat distribution across the tyre for better grip and mileage.
- Enhanced Patch Technology (EPT) provides the added security of a larger footprint on the road.
- Ideal Contour Shaping (ICS) Technology for efficient tread groove placement and water dispersion.

## ANGEL or DEMON? You decide.

Special Introductory offer. Receive an Angel ST T-shirt free with every Angel ST tyre purchased through your local Pirelli Stockist.
